# ADVENTURE GUIDE

The Adventure Guide provides an extensive treatment of the encounters that are likely — or unlikely — to occur in *Universe*. Some 80 creature and Non-Player Character encounters, as well as 10 spaceship encounters, are fully detailed and ready for the Gamesmaster's use. In addition, the Adventure Guide section features a complete, ready-to-play adventure, *Lost on Laidley*, which makes use of the Orionis Star System Log (see facing page) and four-page, full-color World Logs inserted elsewhere in this book. Note that other adventures, supplements, and accessories for *Universe* are published by SPI and available at your adventure game shop.
